## CLOUDBURST TRAPS FIFTEEN

Crews Blasting Through Rock to Reach Miners.

TEN MEN ARE RESCUED

Deluge Floods Shaft at Eveleth—Many In Mine Escape—Safety of Five in Doubt, Although They Are Reported to Be Alive.

Eveleth, Minn., July 17.—Fifteen miners, all men with families, were trapped in Spruce Mine No. 1 here by the rush of water from a cloudburst that deluged the city. Ten others are believed to be dead, but rescuers are working frantically in one-hour shifts, blasting through a wall in an upper drift, while the mine pumps are draining the workings.

Two hundred and fifty men went into the mine. Rain then was falling in torrents and had been coming down since 5 a. m.

Many streets were flooded and the water approached dangerously near the shaft of the mine.

It swept down the shaft by tons. The pumps were started, but their work was futile.

The swiftly rising flood gave the miners their first warning. They dropped their tools and fled. Some reached stations where they could be hoisted to the surface. Others chose the ladders. Still others fought their way to upper drifts before the advancing water.

Mine officials gave the order to begin bulkheading to prevent further spread of the water.

Excited wives and children of the miners rushed from their homes in the downpour and fought through torrents in the streets to reach the workings.

The rescue work was systematized and crews sent in to open up upper drifts in the hope that some of the missing men were trapped in them above the water level.

The rain ceased toward the afternoon and with no water pouring into the shaft the pumps began to make headway against the flood.

Crews were organized immediately and began drilling for the first shots. While the powder smoke still was heavy in the workings, other crews sprang in to drive a second round.

The Spruce Mine No. 1 is one of the largest and richest of the privately owned mines in the Minnesota iron ranges.

A creek, which, except during the heavy rains, is practically dry, flows across the mine, and as the ore is taken out near the surface, the earth in the vicinity of the timber shaft is caved in. To prevent water flowing into the workings, the creek was dammed a short distance from this shaft, but when the cloudburst came the downpour of water was so heavy that the dam broke.

The lower level was flooded before the shift bosses were aware the mine was filling.

AGED MEN SAVES THREE BOYS

Flagmen in Chicago and Hammond Prove Heroes.

Chicago, July 17.—Thomas McCarthy, a sixty-seven-year-old crossing flagman, gave his life at his post to save two boys, eight and ten years old, from death under a locomotive.

The two boys were about to cross in front of a Pennsylvania railroad train at the One Hundred and Eighth street grade crossing in Hedgewisch. McCarthy waving his flag and shouting, ran to the front of the train to drive the boys back. The boys jumped out of the way but the old man was too late to save himself. He was killed instantly under the wheels of the locomotive.

McCarthy's heroism was duplicated by J. B. Perre, a flagman on a Big Four train, who was killed saving a boy at Hammond, Ind. He dived under a coach to save a boy who was trying to crawl under the train during his brief stop. He pushed the boy to safety, but was caught himself and crushed by the car wheels. Perre lived two hours. He regained consciousness for a few moments, and asked:

WALSH ESTATE DWINDLES

Once Worth Many Millions, Property Now Totals but \$45,000.

Chicago, July 17.—At one time worth many millions, the estate of the late John R. Walsh has decreased until now it is said to be less than \$45,000, and it may even be insolvent, according to Attorney Marquis Eaton in a statement before the board of review yesterday.

Attorney Eaton represented the administratrix, Mrs. Mary L. Walsh, widow of the late banker. The board of assessors had placed a valuation against the estate of \$150,000. Reviewer Roy C. West reduced the assessment to \$45,000.

Debs Near Twin Cities.

Chicago, July 17.—Samuel A. Debs, the pedestrian who left the East several days behind Edward Payson Weston to walk to Minneapolis, is now a number of days in the lead. Debs arrived at Black River Falls, Wis., and expects to be in Minneapolis next Sunday.

## HOT WAVE IS! FATAL TO FOUR

Many Prostrations in Western Missouri and Kansas.

NEBRASKA CORN CROP DAMAGED

Heat Claims One at Galesburg, Ill. Eight Prostrations at Kansas City. Record Temperatures Reported From Many Points in Central States.

Kansas City, July 17.—Four deaths and a score of prostrations were the toll of heat in Kansas and Western Missouri, where the mercury hovered at most points between 100 and 112 degrees. Hot winds brought much distress.

Clay Center, where the government thermometer mounted to 113 degrees yesterday, again held the high record today with a mark of 112. There were several prostrations.

At Topeka a new high mark for the year was attained at 104.2 degrees. At Ottawa, where the mercury registered 104, one death resulted.

Junction City reported 10 degrees with one death. Leavenworth broke the year's record at the same temperature, and two deaths are reported.

All records for the year were shattered in Joplin, Mo., where 105 was reported.

Eight persons were prostrated in Kansas City, where the mercury rose to 102 in the government observatory on top of the eleven-story building. Many thermometers on the streets showed 115 degrees. The humane society reported twenty horses died from the heat.

Some of the highest temperatures follow: Concordia, 109; Salina and Abilene, 108; Minneapolis, Kan., 107; Emporia and Belleville, Kan., 106, and Wichita 100; St. Joseph, Mo., 103.

Iowa also reports high temperatures. At Dubuque hundreds of factory men, street employees and others were forced to quit work because of the excessive heat, but government thermometer registered 98.6. It was the record for the year. Several prostrations were reported.

At Burlington the government thermometer registered 105 degrees, the hottest day in thirteen years.

At Galesburg, Ill., the mercury reached 102 degrees. One person is dead from heat strokes and another is reported dying.

REPLY TO FORGERY CHARGE

Union Pacific Officials Say Gibson Retracts Assertions.

New York, July 17.—The executive committee of the Union Pacific railroad issued a statement in reply to the charge made by David Lamar, Wall street operator, before the senate lobby investigating committee that an \$82,000,000 forgery had been committed on the books of the Union Pacific road in 1901.

The statement says that Thomas Gibson, upon two of whose "market letters" Lamar said that he had based his charge, "disavows any connection with Lamar" and "acknowledges the error of his former statements."

GRAB BULGARIAN TERRITORY

Turkey and Roumania Push Armies Into Field.

London, July 17.—Both Turkey and Roumania are rapidly pushing the occupation of as much of Bulgarian territory as possible, not ostensibly with a view to permanent occupation but to procure a weightier voice in the final settlement.

The Servian and Greek premiers have held a meeting at Uskup and are agreed as to the terms to be imposed on Bulgaria.

Horrifying details of alleged Bulgarian massacres and atrocities continue to pour in from Saloniki, and the powers have appointed consul commissions to investigate.

BELIEVE HIM GUILTY; ACQUIT

Kansas City Jury Give Alleged Murderer a Chance.

Kansas City, July 17.—A jury in the criminal court here acquitted William F. McNeil, charged with second degree murder, although all the twelve men, according to the foreman, "were satisfied of the prisoner's guilt." McNeil was charged with killing Lee Self during a "can party."

When the jury came in and announced to Judge Latsch that a verdict had been reached, Foreman Arthur Brown asked permission to speak to the prisoner.

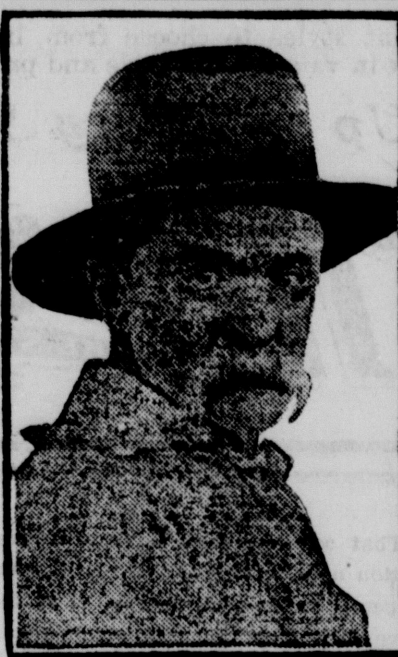

"McNeil," Brown said, "we are all satisfied you are guilty, but we are going to give you another chance. We want you to go home and make a man of yourself. Don't you think you can?"

"Yes, sir," McNeil answered, weakly.

The verdict of acquittal then was handed to the court.

EDWARD PAYSON WESTON.

Aged Pedestrian Making Good Time to Minneapolis.

WESTON RESTS AT BELOIT

Veteran Pedestrian, One Day Ahead of Schedule.

Beloit, Wis., July 17.—One day ahead of his schedule, Edward Payson Weston, the veteran pedestrian, arrived here and went immediately to a hotel to rest, after which he will resume his walk. His next stop will be at Janesville.

MULHALL CONTINUES HIS LOBBY STORY

Alleged Plans of Manufacturers Told in Senate Probe.

Washington, July 17.—Plans to make the National Association of Manufacturers the controlling factor in campaigns for congress, to defeat legislation in Washington its members did not approve, to get the ears of men who were running presidential booms and to land a member of the association in the cabinet of the then President Taft were laid before the senate lobby investigation committee.

Martin M. Mulhall, self-styled lobbyist for the association, swore to the authenticity of nearly four hundred letters which told of these plans, and brought in the names of such men as former President Roosevelt and Taft, the late Vice President Sherman, former Speaker Cannon, former Senators Aldrich, Hemenway, Foraker and others; Arthur I. Vorys, Ohio manager of the Taft campaign of 1908, and Frank H. Hitchcock, one time chairman of the Republican National committee, and postmaster general in Mr. Taft's cabinet.

Mulhall showed the strain he had been under for four days during the afternoon session and the committee took him from the stand for a half hour and listened to testimony by J. P. Byrd, general manager of the manufacturers' association and treasurer of the industrial defense council.

Along with the information that Byrd had half a carload of data to submit the committee heard that F. C. Schwedtmann of St. Louis, secretary to the late James W. Van Cleave, once president of the National Association of Manufacturers, had about 130,000 letters bearing on the association's work. Schwedtmann was in constant communication with Mulhall, according to the latter's evidence.

GOBBLER STARTS FIRE.

Mason City, Ia., July 17.—A prize turkey gobbler using the force of a blacksmith shop on the farm of August Carlsen, south of Hampton, for a roasting place, scratched live coals from the forge which set the shop on fire, and the destruction of farm buildings resulted. The turkey paid the penalty of fame by being cremated in the blaze it started. The coals of fire landed among cans of oil which were ignited.

ACCIDENT ON TORPEDO BOAT

Vessel Touring East of Fire Island With Compartments Filling.

New York, July 17.—An accident to the United States torpedo boat Fanning was reported in a wireless message received here. The message reported the Fanning two miles east of the Fire Island light vessel with the after crew compartment of the torpedo boat filling rapidly. No details were contained in the message.

HANGS SELF BY LEG STRAP

Colorado Man, Accused of Murder, Commits Suicide.

Castle Rock, Colo., July 17.—After having been arrested on the charge of an attempt to kill Miss Nellie Gross because she refused to marry him, Charles Crechus, twenty-seven years of age, manager of the Ewing-McMillan ranch near here, committed suicide in his cell by hanging himself with a strap from his artificial leg.

## MARKING TIME ON TARIFF BILL

Despite Seeming Haste, Little Progress is Being Made.

LONGER DELAY EXPECTED.

Little General Legislation Under Way During the Special Session, and Local Measures Must Hold Off Until Regular Gathering Takes Place—"Alfalfa Bill's" Continuous Popularity.

By ARTHUR W. DUNN.

Washington, July 17.—[Special.]—Do the people of the country believe that proper speed has been made with the tariff bill? It is now the middle of July; it was known that President Wilson would call an extra session as long ago as Jan. 1; the ways and means committee devoted all the winter to preparing the tariff bill and a month more between the time congress adjourned and when the special session convened. The house passed the bill long ago, and now it has just come up for discussion in the senate.

Everybody has been predicting a long delay in the senate. It has been asserted that the Republicans will talk on the measure for two months. But even if they do that will be open consideration, while the time since the bill passed the house has been devoted to consideration of the bill in secret.

Our Legislative Methods.

Perhaps the people do not care about legislative methods; perhaps it makes no difference to them whether there are long delays or whether measures are made in secret, but the time will come when they may take a hand in such matters. The business men of the country do not like these long delays. They always protest against the protracted sessions of congress, but they have not complained of the slow methods employed by the tariff makers—that is, not to any great extent.

For some reason the belief has been general that the delays thus far were necessary; that it was impossible to perfect the bill with any more speed. But if there is a long debate there is likely to be complaints from all the people interested.

Little Exploitation.

A special session of congress affords the members little opportunity of exploiting themselves for the benefit of their constituents. As only general bills are considered, there is no opportunity for local legislation, which can be traced from day to day as the busy member puts it forward over the legislative hurdles. There is no pension legislation; no river and harbor or public buildings bills—in fact, nothing upon which the average member can "write back home" about. But there will be time for that when the regular session assembles.

One of the Wonders.

"See that man with the iron gray hair and whiskers," said a person in the gallery, pointing out interesting members on the floor. "He is one of the most wonderful men in the house. He is Jim Mann, and sometimes he goes five minutes without saying anything. But see, five minutes has not elapsed, and he is up again."

Thus do persons have fun with the distinguished minority leader, who, we all admit, does talk often.

They Like "Alfalfa Bill."

Few men come to congress with advance advertising such as preceded "Alfalfa Bill" Murray of Oklahoma. There have been few Democratic national conventions where Bill had not made himself known as a hotel lobby orator. At the last convention in Baltimore he was one of the conspicuous leading lights and figured in the cartoons and "side lights."

Bill was in evidence the first day of congress and has not hid his light under a bushel since. But they like him. He is often the center of an interested crowd of members, and he seems to get more attention from his listeners than the men who have the floor and are talking for the Congressional Record and the public.

Known as a Roads Man.

Senator Swanson is known as a roads man. Many people remember that as governor of Virginia he started a movement which resulted in improving the highways of the Old Dominion. In the senate he has championed a number of measures which look to road improvement. "We look to Senator Swanson to get good roads for us," say the Virginians, living across the Potomac river from Washington, where the roads are no better than they were when two great armies tramped over them and struggled for two capitals half a century ago.

Discouraging Business.

Members of the house do not want to do any more business than is absolutely necessary; consequently there is every effort to discourage the consideration of bills by committees, and the absence of members from Washington seems to be encouraged by the powers. Occasionally this system works in the wrong direction when there is something of real importance to be considered, for it is found impossible to get a quorum of a committee to report upon matters referred to it. However, as long as the men in charge of the congressional work are satisfied to have members absent those members will remain in their homes or at pleasure resorts.

Mushrooms, a world wide product, are as plentiful in Siberia as they are in the tropics.

WILSON RECALL MAY BE FINAL

Close Association With Huerta Furnishes Rumor.

Washington July 17.—Commenting upon the announcement that Ambassador Henry Lane Wilson had been summoned from Mexico City to confer with President Wilson regarding the situation in Mexico, Secretary Bryan said that this step had been in contemplation for some time.

He refused to discuss a suggestion that this statement indicated the ambassador's recall, and that it was not brought about by the action of the diplomatic body in Mexico City in formulating a joint complaint against the attitude of the United States toward the Huerta government.

There is much speculation in official circles regarding Ambassador Wilson's future, for it is generally believed that his return to the Mexican capital is by no means certain.

Mr. Wilson was thrown into close association with General Huerta in the days preceding the days of the overthrow of Madero and afterwards. One of his first official communications to the state department after the coup d'etat resulting in the death of Madero and Suarez suggested that he be authorized to extend the formal recognition of the United States to the new government.

BOY FATALLY WOUNDS TWO

Attacks Owner and Then Hired Man on Canadian Ranch.

Manor, Sask., July 17.—C. D. Dennison, the owner of the Silver Moon ranch here, and Leonard Warner, a hired man were attacked by Lloyd Atz, a stable boy, and both probably mortally wounded. Dennison was the first victim.

Atz then attacked the hired man with a whiffletree.

Atz disappeared and mounted police are searching for him.

TO ENLARGE HOUSE BUILDING

Protests of "Baby Members" Result in Plans for Addition.

Washington, July 17.—Indignant protests by the "baby members" of the house, for whom accommodations could not be found in the house office building, has resulted in the decision to add another story to that structure.

Work will be started in the near future and it is hoped to have it finished before next spring.

With the increased membership resulting from the reapportionment more than a score of new members found that there was no place for them in the office building and they were forced to establish their office in a rented building some distance from the house wing of the capitol.

JOHNS FREED BY COURT

Habeas Corpus Proceedings Release Suspected Murderer.

Wilkesbarre, Pa., July 17.—Herbert Johns, who has been in jail for more than a week in connection with the death of Alice Crispell, was released by Judge Fuller, after hearing testimony in habeas corpus proceedings instituted by Johns' counsel.

## ARBITRATION IS NOW IN DOUBT

Railroad Managers and Employees Await Interpretation.

ERIE ROAD IS UNDECIDED

Both Sides Anxious for Services of Mediators—Telegraph President Asking for Early Notification of Appearances.

New York, July 17.—Possible complications in the proposed arbitration of the dispute between the Eastern railroads and their conductors and trainmen developed when the conference committee of managers submitted a list of demands which they insist must be arbitrated together with the men's demands for increased wages. The men announced they would issue a reply later.

At the joint meeting during the afternoon no decision was reached on the railroad's demands.

This demand constitutes one of the most uncertain points in the controversy, as the trainmen regard it with anxiety and may bitterly oppose the granting of it.

The telegram sent to President Wilson reads in part:

"The conductors and trainmen and the conference committee of the managers of the Eastern roads are jointly desirous of the immediate services of the board of mediation and conciliation as called for in the Newlands' amendment to the Erdman act, and would be glad if the commissioner of mediation and conciliation would advise us immediately upon his confirmation in order that we may take up the matter with him."

While nothing official has developed to indicate that the Erie may eventually consent to become a party to the arbitration, an unofficial statement by an officer of the road declared that, while the Erie's position at present is unchanged, the road's representatives here are awaiting for the return of President Underwood and Vice President Stewart to New York.

No findings or awards of any arbitration board will be recognized, it was stated, unless Messrs. Underwood and Stewart, after a conference with the directors, see fit to decide otherwise.

STEALS HUSBAND'S PEG LEG

Detains Him Until Service of Divorce Papers.

Joliet, Ill., July 17.—Rosa Novak, a pretty Joliet miss, married Anton Kurdiana, a wealthy Italian, in Joliet nineteen days ago.

Mrs. Kurdiana a few days ago consulted an attorney preparatory to obtaining a divorce. A friend told her husband that if he left the state at once no papers could be served on him and the suit must fail.

Mrs. Kurdiana heard of the friendly tip, also that the husband was planning a hasty trip.

Kurdiana has one wooden leg. When he awoke it was missing. His wife acknowledged she had hidden it to prevent his departure before the papers were served. Pleadings failed. Kurdiana screamed for help from the window of the hotel room where he was staying. The police came, but Mrs. Kurdiana kept the leg hidden until a bailiff served notice of the divorce proceedings.

CHILD CRUSHED BY ELEVATOR

Daughter of South Dakota Couple Meets Death in Chicago.

Chicago, July 17.—Margaret Ellis, seven-year-old daughter of Dr. A. J. Ellis of Lemon, S. D., was crushed to death in an elevator accident in a downtown department store.

The child was accompanied by her father, her mother, Mrs. Ida Ellis, and brother, Henry, two years old, who witnessed the accident.

According to the police, the elevator stopped at the seventh floor, and then was started upward suddenly. The child was thrown to the front of the elevator and caught between the cage and the wall.

FREE SPEECH WAR FAGED

Ten I. W. W. Members Arrested and Trouble Is Feared in Portland.

Portland, Ore., July 17.—A situation similar to that created by the Industrial Workers of the World at San Diego two years ago is threatened in Portland. Following the arrest of Tom Burns, an I. W. W. member, for making a speech from a soap box on a street corner, nine other members of the organization were arrested.

St. Paul Firm Defends Claim to Property.

Duluth, July 17.—Because of an alleged irregularity in the filing of a \$50 mortgage, ownership of mining property near Biwabik, St. Louis county, is at stake. Arguments were made in district court here on behalf of Orr, Stark and Collett of St. Paul, who claim the property, against the claim of William Sutton of this city.

Members of the house do not want to do any more business than is absolutely necessary; consequently there is every effort to discourage the consideration of bills by committees, and the absence of members from Washington seems to be encouraged by the powers. Occasionally this system works in the wrong direction when there is something of real importance to be considered, for it is found impossible to get a quorum of a committee to report upon matters referred to it. However, as long as the men in charge of the congressional work are satisfied to have members absent those members will remain in their homes or at pleasure resorts.

ing 100,000 Railroad Men.WILSON RECALL  
MAY BE FINALClose Association With Huerta  
Furnishes Rumor.

Washington, July 17.—Commenting upon the announcement that Ambassador Henry Lane Wilson had been summoned from Mexico City to confer with President Wilson regarding the situation in Mexico, Secretary Bryan said that this step had been in contemplation for some time.

He refused to discuss a suggestion that this statement indicated the ambassador's recall, and that it was not brought about by the action of the diplomatic body in Mexico City in formulating a joint complaint against the attitude of the United States toward the Huerta government.

There is much speculation in official circles regarding Ambassador Wilson's future, for it is generally believed that his return to the Mexican capital is by no means certain.

Mr. Wilson was thrown into close association with General Huerta in the days preceding the days of the overthrow of Madero and afterwards. One of his first official communications to the state department after the coup d'etat resulting in the death of Madero and Suarez suggested that he be authorized to extend the formal recognition of the United States to the new government.

BOY FATALLY WOUNDS TWO

Attacks Owner and Then Hired Man  
on Canadian Ranch.

Manor, Sask., July 17.—C. D. Denison, the owner of the Silver Moon ranch here, and Leonard Warner, a hired man were attacked by Lloyd Atz, a stable boy, and both probably mortally wounded. Denison was the first victim.

Atz then attacked the hired man with a whiffletree.

Atz disappeared and mounted police are searching for him.

TO ENLARGE HOUSE BUILDING

Protests of "Baby Members" Result  
in Plans for Addition.

Washington, July 17.—Indignant protests by the "baby members" of the house, for whom accommodations could not be found in the house office building, has resulted in the decision to add another story to that structure.

Work will be started in the near future and it is hoped to have it finished before next spring.

With the increased membership resulting from the reapportionment more than a score of new members found that there was no place for them in the office building and they were forced to establish their office in a rented building some distance from the house wing of the capitol.

JOHNS FREED BY COURT

Habeas Corpus Proceedings Release  
Suspected Murderer.

Wilkesbarre, Pa., July 17.—Herbert Johns, who has been in jail for more than a week in connection with the death of Alice Crispell, was released by Judge Fuller, after hearing testimony in habeas corpus proceedings instituted by Johns' counsel.

ERIE ROAD IS UNDECIDED

Both Sides Anxious for Services of  
Mediators—Telegraph President Ask-  
ing for Early Notification of Ap-  
pointments.

New York, July 17.—Possible complications in the proposed arbitration of the dispute between the Eastern railroads and their conductors and trainmen developed when the conference committee of managers submitted a list of demands which they insist must be arbitrated together with the men's demands for increased wages. The men announced they would issue a reply later.

At the joint meeting during the afternoon no decision was reached on the railroad's demands.

This demand constitutes one of the most uncertain points in the controversy, as the trainmen regard it with anxiety and may bitterly oppose the granting of it.

The telegram sent to President Wilson reads in part:

"The conductors and trainmen and the conference committee of the managers of the Eastern roads are jointly desirous of the immediate services of the board of mediation and conciliation as called for in the Newlands' amendment to the Erdman act, and would be glad if the commissioner of mediation and conciliation would advise us immediately upon his confirmation in order that we may take up the matter with him."

While nothing official has developed to indicate that the Erie may eventually consent to become a party to the arbitration, an unofficial statement by an officer of the road declared that, while the Erie's position at present is unchanged, the road's representatives here are awaiting for the return of President Underwood and Vice President Stewart to New York.

No findings or awards of any arbitration board will be recognized, it was stated, unless Messrs. Underwood and Stewart, after a conference with the directors, see fit to decide otherwise.

STEALS HUSBAND'S PEG LEG

Detains Him Until Service of Divorce  
Papers.

Joliet, Ill., July 17.—Rosa Novak, a pretty Joliet miss, married Anton Kurliana, a wealthy Italian, in Joliet nineteen days ago.

Mrs. Kurliana a few days ago consulted an attorney preparatory to obtaining a divorce. A friend told her husband that if he left the state at once no papers could be served on him and the suit must fail.

Mrs. Kurliana heard of the friendly tip, also that the husband was planning a hasty trip.

Kurliana has one wooden leg. When he awoke it was missing. His wife acknowledged she had hidden it to prevent his departure before the papers were served. Pleadings failed. Kurliana screamed for help from the window of the hotel room where he was staying. The police came, but Mrs. Kurliana kept the leg hidden until a bailiff served notice of the divorce proceedings.

CHILD CRUSHED BY ELEVATOR

Daughter of South Dakota Couple  
Meets Death in Chicago.

Chicago, July 17.—Margaret Ellis, seven-year-old daughter of Dr. A. J. Ellis of Lemon, S. D., was crushed to death in an elevator accident in a downtown department store.

The child was accompanied by her father, her mother, Mrs. Ida Ellis, and brother, Henry, two years old, who witnessed the accident.

According to the police, the elevator stopped at the seventh floor, and then was started upward suddenly. The child was thrown to the front of the elevator and caught between the cage and the wall.

FREE SPEECH WAR FAGED

Ten I. W. W. Members Arrested and  
Trouble is Feared in Portland.

Portland, Ore., July 17.—A situation similar to that created by the Industrial Workers of the World at San Diego two years ago is threatened in Portland. Following the arrest of Tom Burns, an I. W. W. member, for making a speech from a soap box on a street corner, nine other members of the organization were arrested.

St. Paul Firm Defends Claim to  
Property.

Duluth, July 17.—Because of an alleged irregularity in the filing of a \$50 mortgage, ownership of mining property near Biwabik, St. Louis county, is at stake. Arguments were made in district court here on behalf of Orr, Stark and Collett of St. Paul, who claim the property, against the claim of William Sutton of this city.

**Coats and Suits At Half Price**  
*Bargains in high grade garments that have been well worth waiting for!*  
At last we have had the right opportunity for rounding up our huge stock of Women's, Misses' and Children's Ready-to-Wear—and taking note of the broken lines caused by the tremendous sales in this department since the season opened—an opportunity we have been waiting for in vain during the last few weeks. Only now after reviewing calmly the work of sorting out and sizing up, can we realize the enormous amount of business done here in suits, coats and skirts this season.  
Having now accomplished our object, we place on sale, every single suit, coat dress, skirt and odd-sized garment that this round-up has brought to light. And if ever the women and children of this town and surrounding country were given an opportunity of securing smart, stylish suits and coats at but a fraction of their true worth, that opportunity is now and here. We have simply disregarded profits by marking every garment at a price that we know from experience will send these goods flying out like a whirlwind.  
There are many different styles to choose from, but of course not every size of a style. Yet the assortments are so varied that no woman need look in vain for the style and price she most desires.

## Coats and Suits At Half Price

Bargains in high grade garments that have been well worth waiting for!

At last we have had the right opportunity for rounding up our huge stock of Women's, Misses' and Children's Ready-to-Wear—and taking note of the broken lines caused by the tremendous sales in this department since the season opened—an opportunity we have been waiting for in vain during the last few weeks. Only now after reviewing calmly the work of sorting out and sizing up, can we realize the enormous amount of business done here in suits, coats and skirts this season.

Having now accomplished our object, we place on sale, every single suit, coat dress, skirt and odd-sized garment that this round-up has brought to light. And if ever the women and children of this town and surrounding country were given an opportunity of securing smart, stylish suits and coats at but a fraction of their true worth, that opportunity is now and here. We have simply disregarded profits by marking every garment at a price that we know from experience will send these goods flying out like a whirlwind.

There are many different styles to choose from, but of course not every size of a style. Yet the assortments are so varied that no woman need look in vain for the style and price she most desires.

**Rid Your Children of Worms**

You can change fretful, ill-tem-  
pered children into healthy, happy  
youngsters, by ridding them of worms  
Tossing, rolling, grinding of teeth,  
crying out while asleep, accompanied  
with intense thirst, pains in the  
stomach and bowels, feverishness and  
bad breath, are symptoms that indicate  
worms. Kickapoo Worm Killer, a  
pleasant candy lozenge, expels the  
worms, regulates the bowels, restores  
your children to health and happi-  
ness. Mrs. J. A. Brisbin, of Elgin,

There is more Catarrh in this section  
of the country than all other diseases  
put together, and until the last few  
years was supposed to be incurable. For  
a great many years doctors pronounced  
it a local disease and prescribed local  
remedies, and by constantly failing to  
cure with local treatment, pronounced it  
incurable. Science has proven catarrh  
to be a constitutional disease, and there-  
fore requires constitutional treatment.  
Hall's Catarrh Cure, manufactured by  
F. J. Cheney & Co., Toledo, Ohio, is the  
only constitutional cure on the market.  
It is taken internally in doses from 10

Deerwood Norwegian and Swedish Ladies Aid Societies Visit  
Mrs. Robert Archibald

### GIVE HER CUT GLASS WATER SET

Entertainments for Mr. and Mrs. E. M. Adams—Social and Other News of Deerwood

Deerwood, July 17.—The members of the Norwegian and Swedish Ladies Aid, with their families, met at Mrs. Jacob Palmer's Sunday afternoon and proceeded to the pleasant home of Mrs. Robert Archibald to wish her Godspeed and a safe return on the journey she is shortly to undertake to her former home in Norway.

Mrs. Archibald has been an active member in the societies, having served as secretary at different times when the societies were united and also as president of the Norwegian Ladies Aid.

As a token of appreciation of her good work in the societies, the Swedish and Norwegian Ladies Aid presented her with a water set of cut glass. Rev. M. L. Hestager, of Brainerd, made a very appropriate presentation speech to which the guest of honor responded most touchingly. An impromptu program of music and a reading was given after which the ladies served lunch. The day was ideal and all had a pleasant time.

The following from out of town participated: Mr. and Mrs. Clarence Olson, Attorney and Mrs. Gustav Halvorson, Mrs. E. G. Carlson, Mrs. W. F. Dieckhaus, Mrs. A. M. Opsahl, Mrs. Easton and Miss Amy Gilbertson, of Brainerd; Mr. and Mrs. David Archibald, of Bay Lake; Mr. Conzet, of Wright county; Mr. Halvorson, a banker of Wanamingo and Mrs. Mellem, of Superior, Wis.

W. F. Dieckhaus, of Brainerd, spent Sunday with his family at the Strom cottage.

A pleasant surprise party took place Saturday afternoon at the home of Rev. and Mrs. Swanson when about thirty of their friends and congregation walked in and took possession of their home and as a token of love and esteem they presented them with a purse and the ladies served a most

delicious lunch and all reported a splendid time.

Prof. Peterson and Prof. Melne, of Minneapolis, were the guests of Rev. and Mrs. Carlson at their cottage on Serpent lake during their stay in Deerwood.

Miss Mamie Erickson is the guest of Mrs. W. F. Dieckhaus at the summer cottage on Serpent lake. She attended the concert given by Professors Peterson and Melne.

Miss Mae Rosenberg and Miss Myrtle Rosenberg are the guests of Mrs. W. F. Dieckhaus and Mrs. Carlson at their summer cottage on Serpent lake. Mrs. Chester D. Tripp and Mrs. R. J. Sewall entertained Monday evening at the home of Mrs. Sewall in Crosby for Mr. and Mrs. Robert M. Adams, the occasion being a dancing party. Mrs. E. T. Buxton gave a dinner dance Saturday evening for Mr. and Mrs. Adams.

B. Magoffin, Jr., is on the Michigan ranges supervising drill operations for the C. M. Hill Lumber company. Mr. Magoffin makes regular trips to this range in the interests of the Hill people.

Mrs. R. B. Dear and party have arrived from Washington, D. C. and are at her summer home, "Virginia Lodge," for the season.

Mrs. T. J. Tyler, of Seattle, Wash., and two daughters are at the Tyler summer home to spend several months of recreation.

P. A. Gough has bought a five-passenger Ford.

Mrs. P. A. Gough and son are visiting friends in Duluth.

Marks will hold a sale of horses in the village on Thursday, July 24.

Ernest Carlson, of Murray, Utah, is the guest of Carl Carlson.

The Deerwood Gun Club has commenced shooting for the Dupont trophy, to be awarded to the man having the highest general average at the close of the season. At Sunday's shoot Frank L. Freeman was high man. A distinguished visitor was Judge W. H. Mantor, of Brainerd, who enjoyed meeting with the members of the club and who took part in the shoot, making a good score.

John Helmer, of Duluth, has bought an island in Farm Island lake and will build a palatial summer home. Mr. Helmer and family are at present spending the season in Deerwood.

The Presbyterian Ladies' Aid will hold a food sale at Mrs. M. Lee's millinery store on Saturday, July 26th, and will also sell a quilt.

The call of the fishing season is a most impelling one and often causes a man to quit work to fish for the finny tribe. But when it induces a man to steal things, then this call of the wild is going too far.

This morning an individual came along South Sixth street and went over some of the poles on display at the D. M. Clark store. He passed on down to the R. D. King place and examined the street display there. This collection contained two that suited him and jerking them out of the rack, he was soon down the street and away.

### BRIDES OF 15 SUMMERS BARRED

Girls and Boys Under 15 and 18 Years of Age Cannot Wed Even if Papa and Mamma Say So

Youngsters of the male sex under the age of 18 years and girls who dream of being brides at 15 will have to emigrate to some other state if they desire to be united as man and wife legally, according to an opinion handed down by Attorney General Lyndon Smith, and who adds that district court clerks who issue licenses to such people do so in direct violation of a statute provision and are liable to a charge of malfeasance, despite the fact the consent of the parents may have been given. Permission of parents and guardians is necessary, and required where the male is under 21 and the female under 18, but such consent, even in writing, has no legal standing where the applicants are under those ages. The opinion was given in reply to an inquiry from Willmar.

### Magnusson-Johnson

Dr. G. A. Magnusson, of Harris, Minn., and Miss Ellen Johnson, the daughter of Mr. and Mrs. Andrew Johnson, 823 South Seventh street, were married Wednesday evening at 8:30 at the home of the bride's parents, Rev. E. G. Carlson performing the marriage ceremony in the presence of a large number of invited relatives and friends.

The bride was attired in a pretty gown of ivory white silk meteor trimmed with macrame lace. She carried a shower bouquet of lilies of the valley and white roses. The bridesmaid was Miss Olive Johnson, a sister of the bride, and she was gowned in white French lawn trimmed with maitise lace. The best man was Dr. A. C. Lindbergh, of North Branch, Minn.

The residence was beautifully decorated for the occasion. The front room was trimmed in white and embellished with cut flowers and smilax. The dining room had evergreen and pink roses and the other rooms were treated with a profusion of green ferns and cut flowers.

Dr. Magnusson is a physician and surgeon, a graduate of the University of Minnesota, of the class of 1908. He was formerly associated for a time with Dr. Joseph Nicholson of Brainerd. Later he was instructor in bacteriology at the university. He has now accepted a position as assistant physician at a clinical laboratory in Seattle, Wash.

The bride is a charming young lady enjoying the friendship and esteem of many Brainerd people. Dr. and Mrs. Magnusson left on the noon train for their home in Seattle, Wash.

The couple received many elegant and valuable presents. At the wedding ceremony, luncheon and the reception following were many Brainerd residents in attendance and the following guests from out of town: Prof. O. E. Abrahamson and wife, of Warren; Dr. A. C. Lindbergh, of North Branch; Mrs. Nels Magnusson, mother of the bridegroom, of Harris and her daughter, Miss Jennie Magnusson, from Duluth; Mr. and Mrs. Joseph Sall, of Crosby; Hans Skau of Deerwood.

At the reception Rev. E. G. Carlson of the Swedish Lutheran church, gave a short address and Prof. O. E. Abrahamson also spoke. There were

### MUSIC AND DRAMA

#### At the Grand

The feature picture at the Grand for Thursday, Friday and Saturday is entitled "Via Cabaret," by the American film company. The plot follows:

Harry Reeder was a steady visitor at the cabaret and he visited with a single thought in mind—pretty Vail, the singer.

Harry discussed marriage with his father but the aristocratic Reeder emphatically said "No." So Harry did what every other American young man does under the circumstances—married the girl. They tried to keep it secret, but Harry's dear friend, Bert, who secretly loved the girl, took pains to let Reeder know of it.

Thus Harry was driven from the parental roof, and the couple took a small, cheap bungalow. After that Bob wouldn't let her work—he took his violin and secured her place at the cabaret. Bert often went there and exulted in secret. But if Bert had done nothing more serious than exult in secret, everything would have gone well, but Bert insisted in seeing Vail and timed his visits so as to be found there by Harry. One day Bert, refused admission by Vail, pinned a note to the door-post, intimating that she intended to elope with him that afternoon. At the same time the heart of old man Reeder relented and he started toward the little bungalow. Harry coming home found the note a minute after, captured Bert and trounced him soundly. The father, witnessing the incident, found no further enmity in his heart toward the young couple and took them home with him.

One of the funniest "Bunny" comedies that has ever been released by the Vitaphone Company is "One Good Joke Deserves Another." Bunny plays a joke on his friend, who returns it, with interest. The second joke is carefully planned and leads its victim into all kinds of trouble. A dummy baby is thrown from a bridge into the water and Bunny is given the credit for the hoax by the irate fisherman who drags the river for the "corpse." Bunny thinks it a very poor kind of a joke, but the magistrate enjoys it and adds a little extra pointer of his own. It is a screaming farce which should not be missed.

#### ESDON ETCHINGS

Mr. Joe Bellneau and family are living on their farm. Jim Coffield and family visited at J. L. Hammett's last Sunday.

Mrs. Hans Jabe is at home after a couple of weeks spent in Brainerd. Earl Peterson of Minneapolis, was here the 4th with his aunt, Mrs. J. L. Hammett.

Myrtle Selps is keeping house for her father for a time.

Mr. Geo. Bock has just about finished his improvements on his house. Cora and Lois Waffensmith are at home on a visit.

Ralph Waffensmith came from Fessenden, N. D., for a couple weeks visit and to spend the 4th. He returned last week.

L. C. Hammett is putting up A. Stafford's tame hay.

School meeting next Saturday evening, when we will vote for a director and clerk.

Duluth, Minn., July 16, 1913.

### TO THE CITIZENS OF BRAINERD:

Today we received the following message from a public spirited citizen of Brainerd:

"I am told that a movement is under way for a Mass Meeting to be called for the consideration of the street railway franchise, and, as I size it up, it will be managed by those opposed to you and who bank on a counter proposition to flatten out yours or cause delay in decisive action on your franchise. Will keep you posted."

Inasmuch as the only opposition we have any knowledge of is on the part of R. R. Wise and a few of his friends and Brainerd officials of the Northern Pacific Railway Co., and these latter gentlemen may be resting under a misapprehension as to the attitude of the Northern Pacific toward a street railway and an electric line connecting Brainerd with the towns on the North Cuyuna Iron Range.

We object most decidedly to an alleged mass meeting of Mr. Wise and his friends, perhaps behind closed doors, wherein action may be taken to intimidate the City Council into believing that R. R. Wise and, perhaps a few others, constitute the citizenship of Brainerd.

Therefore we have engaged the Gardner Auditorium for next Saturday night for Mr. Wise, and his friends,

### and all other Citizens of Brainerd,

We want everybody who is interested in Brainerd's present and future—Capitalists like Mr. Wise, Business Men, Working Men, Every Voter of the city who can spare the time—to attend this Mass Meeting.

Let us have a free expression of opinion on the franchise pending before the City Council from all citizens who wish to speak; not simply from a clique, headed by R. R. Wise, who doubtless have an ax of their own to grind.

Irrespective of whether or not the Wise clique accepts this offer there will be a Mass Meeting of the Citizens of Brainerd in Gardner Auditorium, the largest meeting place in the city, at our expense on Saturday night, July 19th, beginning at eight o'clock. We suggest that the Mayor or Acting Mayor of the City of Brainerd, shall preside at this meeting and that everybody who desires to speak shall be heard. We believe that ninety-eight per cent. of the Voters of Brainerd favor the franchise we have asked for.

The opportunity is here afforded to R. R. Wise and his clique to convince the People of Brainerd, including the City Council, that these few men are right and everybody else in Brainerd is wrong. (Signed:)

The girl is a violinist in a cabaret and Harry Reeder marries her against his father's wishes. Later he himself plays for the cabaret and another man tries to invade his home.

### "An Indian's Gratitude"

By Broncho. This single reel number tells a story of an Indian athlete who wins the daughter of a neighboring chief by his prowess. The squaw deserts him later and this brings about warfare between the tribes and later with the redskins. At the end there is a dramatic moment when the man whom the unfortunate Swiftwind was befriending shoots him by mistake. A pleasing story of Indian life.

### "Via Cabaret"

The girl is a violinist in a cabaret and Harry Reeder marries her against his father's wishes. Later he himself plays for the cabaret and another man tries to invade his home.

### "An Indian's Gratitude"

By Broncho. This single reel number tells a story of an Indian athlete who wins the daughter of a neighboring chief by his prowess. The squaw deserts him later and this brings about warfare between the tribes and later with the regulars. At the end there is a dramatic moment when the man whom the unfortunate Swiftwind was befriending shoots him by mistake. A pleasing story of Indian life.

### "The Speed Queen"

By Keystone. A comedy reel in which Mabel Normand goes bounding over hill and dale in a racing automobile. Ford Sterling appears as the motor cop who attempts to overtake her. She gets off because her father is the judge and she is carrying medicine to him.

## MINNESOTA CENTRAL RAILWAY CO.

ALWORTH BUILDING, DULUTH, MINN.

Duluth, Minn., July 16, 1913.

### TO THE CITIZENS OF BRAINERD:

Today we received the following message from a public spirited citizen of Brainerd:

"I am told that a movement is under way for a Mass Meeting to be called for the consideration of the street railway franchise, and, as I size it up, it will be managed by those opposed to you and who bank on a counter proposition to flatten out yours or cause delay in decisive action on your franchise. Will keep you posted."

Inasmuch as the only opposition we have any knowledge of is on the part of R. R. Wise and a few of his friends and Brainerd officials of the Northern Pacific Railway Co., and these latter gentlemen may be resting under a misapprehension as to the attitude of the Northern Pacific toward a street railway and an electric line connecting Brainerd with the towns on the North Cuyuna Iron Range.

We object most decidedly to an alleged mass meeting of Mr. Wise and his friends, perhaps behind closed doors, wherein action may be taken to intimidate the City Council into believing that R. R. Wise and, perhaps a few others, constitute the citizenship of Brainerd.

Therefore we have engaged the Gardner Auditorium for next Saturday night for Mr. Wise, and his friends,

### and all other Citizens of Brainerd,

We want everybody who is interested in Brainerd's present and future—Capitalists like Mr. Wise, Business Men, Working Men, Every Voter of the city who can spare the time—to attend this Mass Meeting.

Let us have a free expression of opinion on the franchise pending before the City Council from all citizens who wish to speak; not simply from a clique, headed by R. R. Wise, who doubtless have an ax of their own to grind.

Irrespective of whether or not the Wise clique accepts this offer there will be a Mass Meeting of the Citizens of Brainerd in Gardner Auditorium, the largest meeting place in the city, at our expense on Saturday night, July 19th, beginning at eight o'clock. We suggest that the Mayor or Acting Mayor of the City of Brainerd, shall preside at this meeting and that everybody who desires to speak shall be heard. We believe that ninety-eight per cent. of the Voters of Brainerd favor the franchise we have asked for.

The opportunity is here afforded to R. R. Wise and his clique to convince the People of Brainerd, including the City Council, that these few men are right and everybody else in Brainerd is wrong. (Signed:)

#### CROSS LAKE

The 4th of July at Cross Lake was too moist for any of the entertainments set for that day. Quite a company gathered but kept indoors and as the hostilities of that place are not numerous, you might say they rubbed shoulders.

The ball game the 4th started and wilted. The naval display in the evening was given up and the fort which was to be bombarded is still intact, and though Cross Lake is a dry town the most of the company went home well soaked.

The intellectual, dusty but good looking town clerks of Crow Wing county invaded the sanctum of the register of deeds last week, leaving mortgages galore, defunct and otherwise. The country's solons seem to think that one cook can make better hash than 27.

#### CERTIFICATE OF AMENDMENT OF ARTICLES OF INCORPORATION

The undersigned President and Secretary of Mahlum Lumber Company, a corporation, do hereby certify that at a special meeting of the stockholders of said corporation, held at its office in the City of Brainerd, Minnesota, on the 8th day of July 1913, at eleven o'clock in the forenoon, duly called for that expressly stated purpose, the following resolution was duly adopted by a majority vote of all the outstanding shares of said corporation:

RESOLVED, that Article III of the Articles of Incorporation of this corporation be amended to read as follows:

ARTICLE III.

The amount of the capital stock of this corporation shall be Two Hundred Fifty Thousand Dollars (\$250,000.00), divided into twenty-five hundred shares of One hundred dollars each, which shall be paid in at such times and in such manner as the Board of Directors shall require. One Hundred Twenty-five Thousand Dollars (\$125,000.00) thereof shall be common stock, and One Hundred Twenty-five Thousand Dollars (\$125,000.00) thereof shall be preferred stock.

The preferred stock shall be entitled to receive out of the earnings of the corporation cumulative dividends at the rate of seven per cent per annum before any dividends shall be paid upon the common stock. The dividends on the preferred stock shall be payable quarterly on the fifteenth days of January, April, July and October.

In case of dissolution of the corporation, the holders of the preferred stock shall be entitled to receive, out of the assets of the corporation, the par value thereof and all accrued and unpaid dividends, before any distribution to the holders of common stock. The preferred stock shall have no voting power, unless dividends thereon for one full year are in default, in which event it shall have equal voting power with the common stock. The Board of Directors of the corporation, on July 15, 1913, or any quarterly dividend date thereafter, may retire any share or shares of the preferred stock upon payment to the holder thereof, at the place of business of the corporation at Brainerd, Minnesota, of One hundred three dollars (\$103.00) per share, and, in addition thereto, all accrued and unpaid dividends thereon. Notice of the proposed retirement of any share or shares shall be mailed to the holder thereof, according to his address as shown on the books of the corporation, at least thirty days before the quarterly dividend date at which such stock is to be retired. If the address of any stockholder is not shown by the books of the corporation, one publication of the notice of retirement in a daily or weekly newspaper at Brainerd, Minnesota, at least thirty days before the quarterly dividend date on which retirement is to be effective, shall be sufficient notice to stockholders. Preferred stock so retired shall not be entitled to any dividends accruing after the date fixed for such retirement, provided the corporation is ready and able to pay the amount required to retire the same. The Board of Directors shall have power to give to any holder of common stock the privilege of exchanging the same, or any part thereof, for preferred stock, upon such terms and conditions as the Board of Directors shall prescribe.

In Witness Whereof, we have hereunto set our hands and the seal of said corporation this 8th day of July, 1913.

EDWARD B. DARLING.

State of Minnesota, County of Crow Wing.

On this 8 day of July, A. D. 1913, before me, a Notary Public within and for said County, personally appeared Mons Mahlum and A. T. Fisher, to me personally known, who, being by me first duly sworn, did depose and say that the said Mons Mahlum is the President and the said A. T. Fisher is the Secretary of Mahlum Lumber Company, a corporation, that the seal affixed to the foregoing instrument is the corporate seal of said corporation, and that said instrument was signed and sealed on behalf of said corporation by authority of its Board of Directors; and said Mons Mahlum and A. T. Fisher acknowledged said instrument to be the free act and deed of said corporation.

CHAR. H. PAINE, Notary Public.

(Seal) Crow Wing county, Minnesota.

My commission expires April 22, 1913.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in the office on the 9th day of July, A. D. 1913, at 5 o'clock P. M., and was duly recorded in Book X-3 of Incorporations on page 178.

JULIUS A. SCHMAHL, Secretary of State.

No. 49669

State of Minnesota, County of Crow Wing, ss.

I hereby certify that the within instrument was filed for record this 11th day of July, A. D. 1913, at 9 o'clock A. M., and recorded in Book N of Misc. on page 168.

#### Useful Cements.

One of the simplest hard cements is the well known mixture of litharge and glycerin made to a stiff paste. It sets hard as a rock and is oilproof. A solution of water glass mixed with powdered calcium carbonate serves the same purpose.

A mixture of boiled linseed oil and fire clay resists acid better than most cements, though sulphur melted with glass powder is also ranked as very resistant to chemicals in general.

A good stone cement is made by mixing two parts of magnesium oxide, one part of magnesium chloride, powdered stone to suit as a filler and water to make a stiff paste. Basic magnesium chloride results.—Scientific American.

#### Two Acre Farms.

In Belgium a two acre holding is sufficient to maintain a farmer and his family. The typical two acre farm in that country contains a patch of wheat or rye and another of barley. Another fair portion grows potatoes. A row of cabbage grows all round on the sloping sides of the ditches, with a row of onions just outside, leaving bare walking room between them and the grain. The shade trees round the house are pear trees. Every foot of land is made to produce, and the farmer keeps pigs and chickens.

#### SEALED BIDS

For laying of approximately 4000 feet, more or less, of 4 inch cast iron water mains in the City of Brainerd, Minn., according to specifications on file in the office of the Water & Light Board, No. 704 Laurel Street, will be received by the undersigned up to 6:00 o'clock P. M., July 18th, 1913. City to furnish all pipes and fittings.

The Board reserves the right to reject any or all bids.

#### Misleading Names.

Perhaps the most misleading name on the map is that of Tierra del Fuego, the "Land of Fire." The name would imply that it was a land of volcanoes in constant activity. The fact is, however, that it contains no volcanoes and is a country of perpetual wet and cold. It got its name from the fact that it was sighted by Magellan at night in consequence of a large fire having been ignited by the natives on shore. The same discoverer happened to have very fine weather after he had rounded the Horn and so gave the name "Pacific" to a part of the ocean which is exceptionally subject to storms.

### CERTIFICATE OF AMENDMENT OF ARTICLES OF INCORPORATION

The undersigned President and Secretary of Mahlum Lumber Company, a corporation, do hereby certify that at a special meeting of the stockholders of said corporation, held at its office in the City of Brainerd, Minnesota, on the 8th day of July 1913, at eleven o'clock in the forenoon, duly called for that expressly stated purpose, the following resolution was duly adopted by a majority vote of all the outstanding shares of said corporation:

RESOLVED, that Article III of the Articles of Incorporation of this corporation be amended to read as follows:

ARTICLE III.

The amount of the capital stock of this corporation shall be Two Hundred Fifty Thousand Dollars (\$250,000.00), divided into twenty-five hundred shares of One hundred dollars each, which shall be paid in at such times and in such manner as the Board of Directors shall require. One Hundred Twenty-five Thousand Dollars (\$125,000.00) thereof shall be common stock and One Hundred Twenty-five Thousand Dollars (\$125,000.00) thereof shall be preferred stock.

The preferred stock shall be entitled to receive out of the earnings of the corporation cumulative dividends at the rate of seven per cent per annum before any dividends shall be paid upon the common stock. The dividends on the preferred stock shall be payable quarterly on the fifteenth day of January, April, July and October in each year. In case of dissolution of the corporation, the holders of the preferred stock shall be entitled to receive, out of the assets of the corporation, the par value thereof and all accrued and unpaid dividends, before any distribution to the holders of common stock. The preferred stock shall have no voting power, unless dividends thereon for three years are in default, in which event it shall have equal voting power with the common stock. The Board of Directors of the corporation, on July 15, 1913, or any quarterly dividend date thereafter, may retire any share or shares of the preferred stock, upon payment to the holder thereof, at the place of business of the corporation at Brainerd, Minnesota, of One hundred dollars (\$100.00) per share and, in addition thereto, all accrued and unpaid dividends thereon. Notice of the proposed retirement of any share or shares shall be mailed to the holder thereof, according to his address as shown on the books of the corporation, at least thirty days before the quarterly dividend date at which such stock is to be retired. If the address of any stockholder is not shown by the books of the corporation, one publication of the notice of retirement in a daily or weekly newspaper at Brainerd, Minnesota, at least thirty days before the quarterly dividend date on which retirement is to be effective, shall be sufficient notice to stockholders. Preferred stock so retired shall not be entitled to any dividends accruing after the date fixed for such retirement, provided the corporation is ready and able to pay the amount required to retire the same. The Board of Directors shall have power to give to any holder of common stock the privilege of exchanging the same, or any part thereof, for preferred stock, upon such terms and conditions as the Board of Directors shall prescribe.

In Witness Whereof, we have hereunto set our hands and the seal of said corporation this 8th day of July, 1913.

### Useful Cements.

One of the simplest hard cements is the well known mixture of litharge and glycerin made to a stiff paste. It sets hard as a rock and is oilproof. A solution of water glass mixed with powdered calcium carbonate serves the same purpose.

A mixture of boiled linseed oil and fire clay resists acid better than most cements, though sulphur melted with glass powder is also ranked as very resistant to chemicals in general.

A good stone cement is made by mixing two parts of magnesium oxide, one part of magnesium chloride, powdered stone to suit as a filler and water to make a stiff paste. Basic magnesium chloride results.—Scientific American.

### Two Acre Farms.

In Belgium a two acre holding is sufficient to maintain a farmer and his family. The typical two acre farm in that country contains a patch of wheat or rye and another of barley. Another fair portion grows potatoes. A row of cabbage grows all round on the sloping sides of the ditches, with a row of onions just outside, leaving bare walking room between them and the grain. The shade trees round the house are pear trees. Every foot of land is made to produce, and the farmer keeps pigs and chickens.

### SEALED BIDS

For laying of approximately 4000 feet, more or less, of 4 inch cast iron water mains in the City of Brainerd, Minn., according to specifications on file in the office of the Water & Light Board, No. 704 Laurel Street, will be received by the undersigned up to 6:00 o'clock P. M., July 18th, 1913.

City to furnish all pipes and fittings.

The Board reserves the right to reject any or all bids.

### Misleading Names.

Perhaps the most misleading name on the map is that of Tierra del Fuego, the "Land of Fire." The name would imply that it was a land of volcanoes in constant activity. The fact is, however, that it contains no volcanoes and is a country of perpetual wet and cold. It got its name from the fact that it was sighted by Magellan at night in consequence of a large fire having been ignited by the natives on shore. The same discoverer happened to have very fine weather after he had rounded the Horn and so gave the name "Pacific" to a part of the ocean which is exceptionally subject to storms.

### Wasted Advice.

Mother (at the shore)—Now, you must be very discreet with the young men you may meet here, Louise. Elderly Daughter (with a sigh)—I know, mamma. They scare dreadfully easy.—Puck.

### Unknown Suicide.

Red Wing, Minn., July 17.—An unidentified man committed suicide Tuesday night by shooting himself through the right temple. The man was about fifty years of age, dressed in a black serge suit, white bosom shirt and white collar. His clothes bore the laundry mark G. I. and G. I. A.
